

Trans-Mate™

WE MAKE YOU SHINE

Trans-Mate™

WE MAKE YOU SHINE

At Trans-Mate we take pride in providing the most advanced chemistry available to help our customers stand above their competition by delivering head-turning results and repeat customers.

Our comprehensive line of car wash products are developed by our in-house technical team who continuously work to advance product performance to meet the evolving demands of leading operators.

We offer a complete product line for tunnel, in-bay and self-serve car washes. We also provide installation assistance and on-going support to help ensure optimal wash performance.

Our mission at Trans-Mate is to provide you with quality products to help you maximize profits and create satisfied repeat customers to grow your business!

We offer a complete line of earth-friendly products, indicated by the “Enviro-Mate” logo, which are:

- Made with biodegradable detergents and emulsifiers
- Free of slower biodegrading detergents such as NPEO and APEO
- Contain no phosphate, chlorine, hydrofluoric acid or ammonium bifluoride
- VOC compliant
